Description

Bosch Universal Garden Tidy

Versatile garden clearing without disturbing the neighbours

The UniversalGardenTidy is the 3-in-1 solution for efficiently clearing garden debris. This versatile ProSilence gardening tool reduces the sound power level by up to 75%, producing an exceptionally low noise level of 99 dB (A).

Blowing, vacuuming, shredding –switching between modes is fast and easy. Moisture-repellent Dirt Deflectors on the collection bag ensure water and debris are diverted to the ground. A metal fan provides optimum performance for longer operating times, and its larger volute makes clearing blockages easy and safe. Enjoy flexible and efficient garden clearing with fully variable speeds in both blow and vacuum mode.

Flexible, 3-in-1 Garden Clearing

Fully variable speed, In both blow and vacuum mode

Durable metal fan/large volute to easily unplug debris

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
