Muck Boot Ladies Arctic Sport II Tall Boots Olive-Herringbone Print

The *Arctic Sport II* tall boots are designed for women who love the outdoors, even in the coldest conditions, so whether you're walking the dog or out about town, these high-performance winter sport boots will keep your feet comfortable all day long.

Stepping up the heat factor with cosy fleece lining and a 5mm neoprene inner boot for ultimate warmth in extreme conditions, the stretch-fit top-line binds to the contours of your leg to keep cold air out and warm air in.

100% waterproof & lightweight on your feet, an EVA moulded midsole provides excellent support underfoot as the rugged outsole complements with protection and stability.

Built to battle the elements without compromising on style, a super pair of wellies to see you through winter and beyond.

"Tried and tested up at the yard, these boots are surprisingly cool in summer so great for all year round. Easy to slip on and off, ultra cushioning across the paddock and best of all the moulded top line means the boot does not clog up with stray bits of bedding, hay or straw."

UK Shoe Size: 3-9.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
