Description

Bedec Extra Flex Masonry for exterior masonry

* Claim your **FREE Stanley Tools Brush Set with every 5 Litre Tin** *

Bedec Extra Flex provides a smooth, long lasting finish that stretches up to 400% to preventing further cracking.

Ideally suited for the protection of exterior masonry such as roughcast, pebble-dash, brickwork, cement and concrete rendered surfaces.

Bedec Extra Flex Elastomeric Masonry Paint can be applied to previously painted surfaces after suitable preparation.

This modified acrylic blend is a flexible microporous protective coating that will flex with the substrate where movement causes cracking in conventional masonry paints.

Ideal as an anti carbonation coating to help prevent concrete spalling.

We have a great range of products to help you keep your Home & Garden in year round tip top condition so why not browse further [here](#) and 'click and collect' from your local Country store.
