Stihl MSA220 C-B Cordless Chainsaw (Shell only)

SH-MA032000020

Our Price: £405

Description

The MSA 220 C-BQ is the most powerful STIHL cordless chainsaw to date. Sitting above the MSA 200, this saw uses the brand new AP 300 S to provide the highest cutting performance of a cordless saw and allows the machine to be used for professional work alongside other professional cordless tools in the STIHL AP System.

Perfect for landscapers, councils, farmers, forestry workers, loggers and private users – this cordless chainsaw is an ideal choice for wood care, small-sized timber felling, limbing, clearing young trees, timber construction, firewood sawing and use alongside a chipper.

The MSA 220 has fantastic performance when used in conjunction with the AP 300 S. With a chain speed of 24 m/s, the EC Motor allows for fast acceleration of the saw so chain speed can be quickly picked up when needed. This machine can be used in the rain so it is ideal for the British climate throughout the year. Tensioning the chain is easy and can be done without the need for a tool.

Battery and charger sold separately

Stihl MSA220 C-B Cordless Chainsaw (Shell only)

SH-MA032000020

Stihl Electric Motor (EC) - The STIHL electric motor (EC) is extremely energy efficient, lightweight and compact. It runs quietly, generates very low vibrations and does not require servicing.

Stihl Quick Chain Tensioning - The STIHL chain quick tensioning system (B) makes it very easy to tension the chain. Just release the sprocket cover and turn the knob to set the optimum tension. No tools needed.

Tool-less filler cap - The tank can be filled quickly and easily using the tool-less filler cap.

We are an authorised Stihl dealer and are one of the first to stock the new Stihl cordless range. Why not [click here](#) to check our wider range of Stihl products?
