Our Price: £151.99

## Description

### Stihl FSA 60R Cordless Battery Brushcutter (Shell Only)

This newly designed ergonomic cordless brushcutter is a great choice for domestic users. It's ideal for trimming lawns, edges and grass along paths or around plants and objects, especially in noise sensitive environments. Cutting circle diameter 350 mm. Ergonomic operating handle, loop handle, sturdy aluminium shaft.

Spacer bracket for mowing around obstacles such as trees and shrubs. Supplied with the AutoCut C 6-2 mowing head.

**Stihl EC Motor** - The STIHL brushless electric motor (EC) is very energy efficient and practically maintenance free. Thanks to its outstanding efficiency, the battery power is directly translated into impressive performance. During operation, the electronically controlled EC motor permanently monitors the load and adjusts the engine accordingly.

**Ergonomic Control Handle** - The FSA 60 R has a locking lever (orange front), ERGO lever (black) and main trigger lever (orange below). The locking lever is self-resetting and prevents unintentional switching on of the device. When the ERGO lever and shift lever are pressed, you can work continuously with ease.
