Description

Husqvarna 530 iPT5 Cordless Pole Saw

Add battery and charger for a discount!

Telescopic battery pole saw for professionals, with 5m telescopic reach and performance that surpasses petrol equivalents. Maximum performance and durability with low weight, excellent ergonomics and quiet operation for use in any location at any time of day.

Weatherproof (IPX4) – This battery-powered Husqvarna machine fulfils the IPX4 classification for rain resistance. This makes it a long-lasting and reliable tool that can be used all year round in all weather conditions.

Where you can buy with confidence

Efficient Brushless Motor – Our in-house developed, advanced brushless motor is 25 % more efficient than a standard brush motor. This means that the motor provides a high and consistent torque.

Silent Operation – The noise level from our battery machines are up to 13 dB(A) lower than a petrol machine – which is a huge difference. A reduction of 3 dB(A) is usually perceived as a halving of the noise level. This makes work a lot more pleasant for you – and also allows you to work in the most public of settings.

We are an authorised **Husqvarna** dealer and can provide full service back up and maintenance for your Husqvarna equipment.
