Our Price: £74.95

Description

Portek Sentinel Wind Driven Birdscaring Globe

Visual bird scarers or deterrents are designed to trick birds into thinking they are under threat with a natural sense of fear and this Sentinel Globe certainly adds some realism.

Great new design features means the Sentinel is built to last. High quality heavy duty construction, high density ABS plastic hubs with rust proof nylon ball bearings ensure ultimate performance and increased life span.

Quick and easy to assemble with no glueing required. Simply assemble the new plastic vane ends into the all new hubs using the rustproof nylon screws and nuts.
